Editors Message

If there is ever a sentence from Modern Pink that I'll never forget, it would be this months opening to Karen Whyte's column, Pretty In Pink. Karen has invited Vancouverite S J Robinson to write the column this month, and she has offered something very different for the readers of our magazine.

How do you feel about erotica in Modern Pink? Would you to see more erotic fiction in the magazine? We can only know what our readers want when they tell us, and your letters are always appreciated. Good or bad, we always welcome your comments and criticism.

The October 17 earthquake is San Francisco was news around the world almost as soon as it occurred. However, the story of the hundreds of thousands of gays and lesbians in the area was never heard on national news broadcasts, or in the papers.

We have talked with several people in the Bay area, and are happy to report that they mostly fared the earthquake well. We have included a short article on the impact of the earthquake to the gay communities of San Francisco, and we also want to bring your attention to the San Francisco Earthquake Relief Fund being administrated by Gaylines Calgary to help the many new homeless in San Francisco and Oakland. More information on the Fund can be found in our article.

Read on, and enjoy...

She looks hot and fuckable. Whether intentionally or not. I see her often behind my eyelids when I am pinned to the bed by my vibrator or pushed over the edge with my fingers.

I have seen her too, through the smoky, dense air of the club. She doesn't know I dream about her. Crave her. Sweat with desire for her.

Her body is full, rich. If it were under me or straddled over me what would I do? Call her name probably as I come. Yes, I think that is what I want.

And I know her name. I breathe it sometimes in secret. And I know her look. Wild hair, large luminous eyes and breasts to be rolled and squeezed and played into abandon. I've seen her breasts bound in sexy black dresses, cleavage screaming at my eyes, her smile burning holes in the crotch of my jeans.

Who am I? Oh, my friends tease

me and say I'm kind of "butchy." Am I? Maybe? I see her and for the first time I want to be butch. I think I'm sinking under a tide of political incorrectness. I worry that this fantasy is typecasting her and me. Fuck it.

I ask myself - what would I do with her? Skin against skin alone with her.

She takes me to her apartment after a chance meeting (anywhere would do). Is it butch to want to go to her place? We chat, nervously, about her work, our common acquaintances. I'll stare at her body and her face. I just know it. Hungry eyes. I'll uncross my legs and be consumed with my own hot, wet smell. Embarrassed I'll get up for a glass of water. I'll pee - sex pee I call it. Confusion between having to pee and wanting to come.

The vein in my neck will pulse and my cheeks will flush and I'll definitely begin something by leaning across the gulf between us and kissing her lips, lightly. I'm

Hi, it's me again! And you thought they would run me out of town after two articles. Anyway, this month we discuss the topic of "What do gays take on vacation."

This question was brought to my attention when I was informed that two friends of mine were going on holiday, and I decided that it would make a very good question to answer. I took a little survey and compiled this list of the various contents of the average gay suitcase.

THE AVERAGE GAYS SUITCASE:

- 1) (this is the most important)
Hair care products
- 2) Condoms (be safe sex conscious)
- 3) A mirror
- 4) 'Copious' amounts of clothing (mainly consisting of spandex, leather, and any articles plainly displaying the name San Francisco)
- 5) Leather studded jockstrap
- 6) Lube (for those hard to reach places)
- 7) Panty hose
- 8) Rosary

- 9) Dildoes
- 10) Cappacino machine
- 11) MODERN PINK
- 12) Faggy dance music
- 13) Gay comics
- 14) Assorted 'Videos'
- 15) The Spartacus Guide

*Note: Mickey mouse only had items 2, 3, 5, 11, & 14 in his case, therefore making us wonder if this rumor about his being gay is just a publicity play.

Now for something really interesting! A short quiz, don't worry this one's easy!

HOW GAY ARE YOU?

- 1) What I want most out of life is
a) sex b) food c) money
d) oxygen
- 2) I like sex with:
a) leather b) ice c) food
d) anything
- 3) I love _____ nights.
a) cold b) hot c) humid
d) hot n' heavy
4. I want to win:
a) a nympho b) the lottery c) a vibrator d) a machine gun

cont'd

D Q cont'd _____

- 5) My favorite cartoon is:
a) Visionaries b) Super Friends
c) Yogi Bear d) Mickey Mouse

SCORE:

1. a: 4pts, b: 5, c: 3, d: 1
2. a: 4pts, b: 2, c: 3, d: 5
3. a: 3pts, b: 2, c: 4, d: 5
4. a: 5pts, b: 3, c: 4, d: 1
5. a: 1pts, b: 2, c: 3, d: 5

Results: 7 - 12 ; You're probably straight, 13 - 16 not too bad but still a bit in the closet, 17 - 19; You are the perfect gay, 20 - 25; Gay to the bone!

into slow beginnings. I'm very nervous. I'm extremely shy about taking my clothes off (never mind someone else's). In fact I like dry fucks when my clothes get damp with sweat from the hard, passionate energy of first times. Mouthing her through her dress. Wrestling fiercely while we grip at our clothes for leverage, for advantage, imagining what lies underneath.

She might like it rough. I can do that. When I get turned on I come quickly, easily, over and over. Staccato bursts. I sort of lose control from the waist down. When the clothes come off I like it done slowly. Buttons. Clasps. Zippers. Slow motion. Still frames. Snap shots.

Hers come off first. Naturally. I want to have her with my shirt half undone, untucked, belt hanging unhooked, one button of my fly undone, sitting up over her and

looking at her beautiful smile while my hands traverse regions of skin I have only dreamt about. Nipples. Unbound breasts. Her neck with fine lines crossing like paths. Lips. Eyebrows.

Then.

Blazing a trail with my lips and my tongue, I want to uncover, discover her cunt. So slowly. I'll probably come doing this, silently, feeding off her excitement. The seam of my jeans holding onto this moisture for me. I'll get her panties off with my teeth and use my hands only to move her hips. I'll breathe in her smell and trace the folds of her cunt first with my fingers and then, lightly, with my tongue. Maybe I'll slide my fingers into her or maybe I'll get her to slide her own in while I pull and suck her clit. Hmm. I know I want to feel her come. I want to feel it from within.

cont'd

"Pretty" cont'd

When she is resting I will take off my shirt (well, actually, she could take off my shirt) and press my body onto her cunt and lay there listening to the voice of her heartbeat slowing. In this stretched out state of calm I'll reach up and tie her arms above her head with my shirt and bind her ankles with my belt (suitably purchased at Mack's Leathers for just such occasions). I'll make her watch me strip off my pants and pull off my undies (which I may dangle over her to inhale my scent - okay that is going too far for a first date). I won't let her touch me just yet. Won't let her feel the muscles in my legs or the penetrable wetness between my thighs.

Oh. Glorious nakedness. Skin on skin. I'm going to come her. Grind my cunt into her bush. Thank the goddess for gravity or this wouldn't be possible. We'd be

floating and the only bumping and grinding would be on the ceiling. But gravity is on our side and my cunt burns from the rough of her, the tight curls of her sliding under me. I'll let her hands loose, then her legs so she can curl them over my back. Her hands push lightly on my ass and I imagine (is it for the first time - really?) that I have a dildo in her. But that thought pushes through me as she rolls me over onto my back and straddles me. I stare up her torso as she sits over my face lips silently mouthing "Fuck me." And I will. In short staccato bursts.

Disaster Hits

"Castro Calm in wake of Killer Quake," read the most recent headline of the Bay area Reporter, San Francisco's leading gay Newspaper.

Reports from the Pacific Center For Human Growth, a Gay and Lesbian support and Community Center says that most of California's Gay organizations, and businesses escaped severe damage during the deadly earthquake that shook northern California October 17. The Castro district, made famous by the late Harvey Milk in the 1970's survived largely undamaged, while the Marina district, home to

thousands of gays, lesbians and bisexuals suffered severe damage.

The Pacific Centre for Human Growth, in Berkeley California, a short distance from San Francisco, received no structural damage during the quake and had only minor contents damage. The centre has a paid staff of seven, and a volunteer force of approximately 150 men and women at any one time. Spokespersons for the centre said that although the phones were down for a short while after the quake, they were soon able to contact most of their volunteers making sure they were all ok. The centre which

operates a counseling, support and information network for the Bay area, did not close, and resumed its normal operations within a very short period of time. Some of the volunteers said that their commute to the centre from San Francisco which would normally take 20 minutes during mid-day traffic, was down from a several hour trip just after the quake, to 90 minutes one week after the quake.

A fund to help the homeless victims of the quake has been set up in Calgary by Gaylines, our city's counseling and information service for gay and bisexual men. Donations to the fund are tax deductible as Gaylines Calgary has Charitable organization Status.

Since the Red Cross cannot guarantee that any funds donated to them will go to any specific group, the Gaylines fund was set up to specifically help the Gay and Lesbian communities of San Francisco.

Stephen Lock, coordinator of Gaylines said:

"I think it is important that we, as gay men and lesbian women, reach out, specifically, to our people in times of need and crisis. San Francisco is important to us, and our brothers and sisters there are important to us. How can we turn away?"

Donations to the fund should be made out to:

Looking At You

By Adam

BALDNESS !!

The mere mention of the word is enough to make a strongman crumble. Being told your going bald can be more devastating than being told you have a small penis (Although it's never happened to me personally).

Because of the ridiculous ways of this world, alot of people seem to associate baldness (or balding patterns) with weakness and or meekness. Hence the strange fascination many of the thinning hair crowd have with pumping iron (and possibly steroids). This can be blamed on the idiotic story of Samson and Delilah. (Even though historians of myth have concluded that it wasn't really the loss of his hair that made him loose his strength, but rather the fact that Delilah was a ball breaking hussy from hell who had him thoroughly pussy whipped, A convincing argument on the positive aspects of Homosexuality.)

If you are one of the many men who's hair is going the way of the wind, take heart! This may not be the hopeless situation you think it is. Here are some of your options:

1. Talk to your doctor, Research progress in balding has grown by leaps and bounds. Some types of balding patterns may be treatable.
2. Take precautionary measures. If the process has started but has not advanced too far, talk to your stylist. There are new shampoos and conditioners etc. that can prevent you from loosing more hair. Focus 21's hair growth support program is one of the best.
3. Hair Transplants. Again, talk to your doctor and find out if he or she can recommend a good surgeon. A word of warning however, this procedure can be very painful, and if done wrong can leave you with a very screwed up looking head of hair.

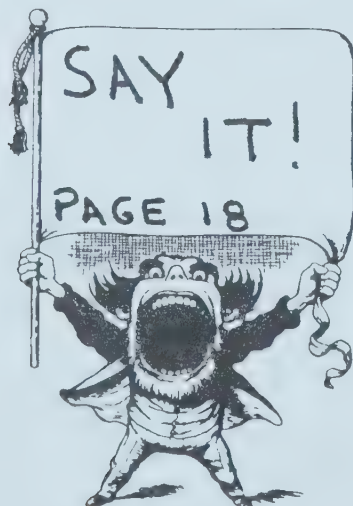

cont'd

"Looking" cont'd

4. Hair Pieces, Seriously, hair pieces are not the hideous looking things they used to be. When properly fitted and matched for colour, they can look very good. Something to remember of course is not to go from completely bald to having hair. Everybody will know you are wearing a piece.
5. A new hairdo, A new style will throw people off. It's likely they won't notice the thinness when you wear a new style.

Any ways people that's all for November...Until next month, Here's looking at you.

P.S. To all you guys who are dating bald or balding men, do them a big favor, bolster their confidence and tell them how huge they are!

Art Talk

By Ricky von Arteest

Perhaps the bleakness of November can be somewhat alleviated by the many good exhibitions one can visit during the month. I am always delighted when commercial enterprises sponsor exhibitions; in November one can visit Divino on First Street to see Mark Diceys' recent works (there's an opening on Sunday 29 October at 2 pm), the Nova Gallery will show Virtu 4, the annual furniture design competition in which there are usually a few Calgary designers included, and the Gulf Canada Gallery opens a series of exhibitions at noon on Wednesday 1 November.

Works from the collections of the Nickle Arts Museum will be shown at the Petro-Canada Gallery until 17 November. The gallery is open between 12 noon and two pm Tuesday to Friday. The exhibition will give you an idea of the kinds of art being acquired by one institution in Calgary.

Of very special interest is the opening on 2 November at Paul Kuhn, Fine Arts of Arnold Shives' New Monotypes (Shives is the

outstanding printmaker-artist from the West Coast) and The Art of the Shipibo-Conibo (Contemporary Ceramics and Textiles from Peru) on 16 November. On 30 November that gallery will open new paintings by David Thauberger, an exhibition that complements a retrospective exhibition by the artist at The Nickle Arts Museum, which opens 31 November.

Also to open at that Museum is Rubens and His Contemporaries, an exhibition of some 50 drawings and 80 prints by Rubens, van Dyke, Jordaens and other important artists of the 17th Century Lowlands. This is a rare opportunity for Calgarians to see historical works seldom shown here. All the works come from three museums in Antwerp, and is one of only two showings in Canada.

More art from Europe, this time the contemporary work from Italy, titled Eternal Metaphors, will show at the ACA Gallery from 23 November.

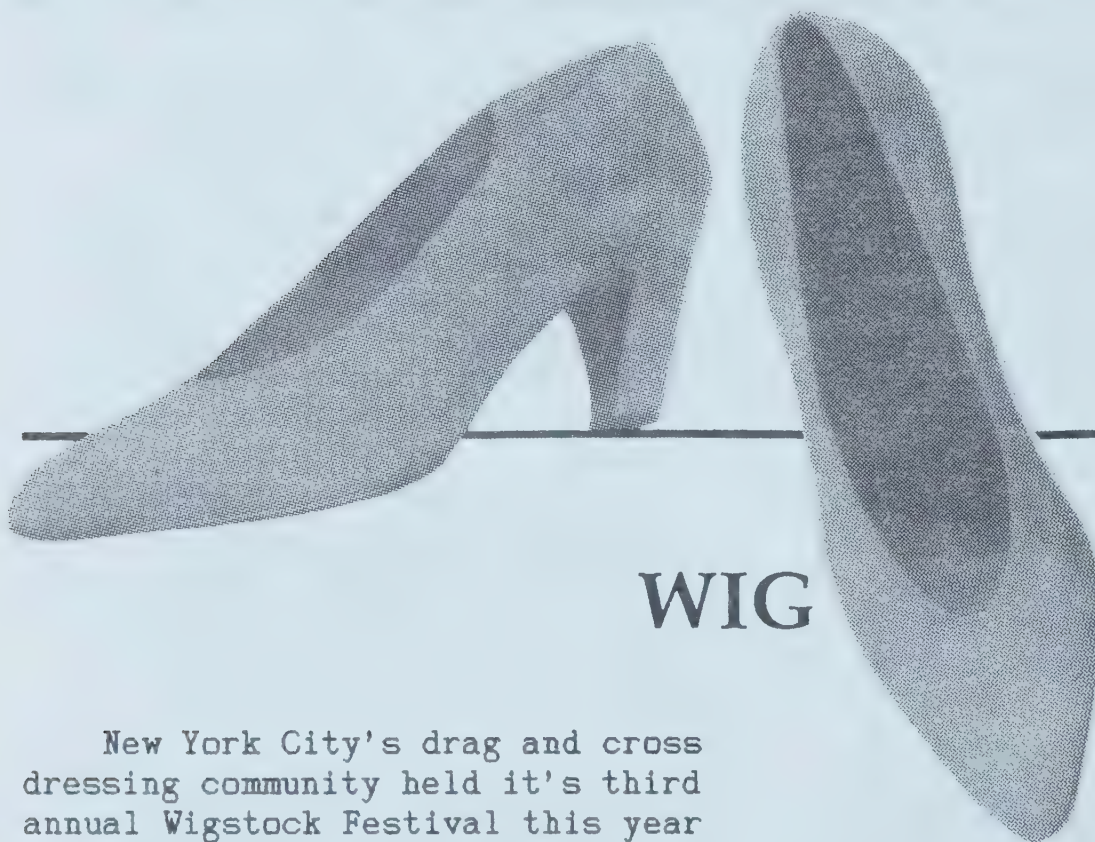

cont'd

Art Talk cont'd _____

If you are looking for Christmas gifts, the Muttart Art Gallery will hold a sale of a wide variety of works of art from 5 to 10 December. I'm told that prices will be modest.

There are no openings at the Glenbow Museum in November but on the 2nd of December Paterson Ewen's very fine retrospective will open. Ewen works with gouged and painted plywood with images that echo fiery nature. They are wonderful pictures and should not be missed.

And with that, adieu until December.

Zsa Zsa's Afraid

Zsa Zsa Gabor, millionaire mistress and Hollywood celebrity was sentenced to 3 days in jail, and fined for assaulting a Police officer, having an open container of alcohol in her car, and expired license plates. In a recent interview with Modern Pink, Zsa Zsa corrected a comment she had made earlier

45 For Jessica

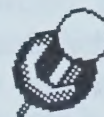

Everybody's favorite televangelist Jimmy Bakker, who's tryst's with Jessica Hahn brought public attention to the wrongdoings of his television ministry, was sentenced to 45 years in prison on Oct 25. Bakker was found guilty of defrauding the members of his P T L ministry of over \$3.7 million.

Bakker's last words before leaving for the medium security prison were "I pray to god that I'll get along with the boys in the big house, and that I will be a good wife to my new 'Big Daddy'!"
